

Missionary of the Week

Going Into All The World

ARCHministries

Networking local church-planting efforts across the United States

A church-planting resource of Grace Church of Mentor

Vision

Church planters and pastors across the country desire to labor together for the cause of the Gospel. Arch Ministries autonomously and efficiently connects pastors, believers, and churches nationwide.

Purpose

To Promote efforts of local and national church planting, highlighting successes, experiences, and future opportunities.

To Assist church planters in establishing and strengthening their ministries through edification and fellowship with other church planting ministries.

Purpose

To Uphold church planters through encouragement in their sacrificial, sometimes lonely, ministry with the goal of transitioning supported ministries to self-supported churches.

To Unite balanced, Bible-believing pastors together to support church planting efforts and create a network for churches or believers needing church planters.

Purpose

To Uphold church planters through encouragement in their sacrificial, sometimes lonely, ministry with the goal of transitioning supported ministries to self-supported churches.

To Unite balanced, Bible-believing pastors together to support church planting efforts and create a network for churches or believers needing church planters.
